Zoom+ Edge Flag

Zoom+ is a popular and versatile, lightweight rectangular shaped flag system with black finish all-fibre poles. Ideal for all types of indoor and outdoor displays. Quick and easy to deploy and can withstand winds of approximately 13 -18m/h (21-29km/h). Optional custom printed flag graphic available in single and double-sided options (small, medium, and large), and all flag graphics have a printed pole pocket. The flag moves naturally in breezy/windy conditions and is ideal for attracting attention on car forecourts, at exhibitions and events, or outside a building or premises.

Material	Aluminium and GRP
Graphic area	Single-sided or double-sided (double-sided only available up to large)
Graphic attachment	Pole pocket
Wind resistance	Up to 18 mph / 29 km/h

Wind Dancer

An imposing telescopic flag which stands 5m high when fully assembled and is certain to make an impact at any outdoor event, Wind Dancer comes complete with a base which can be filled with either water or sand. The 3.5m flag height makes an impressive statement when the flagpole is deployed at its full 5m height, and is particularly impactful when used in large crowded areas because of its dominating presence.

Material	Aluminium pole, plastic base
Pole	Telescopic
Graphic area	Single-sided
Graphic attachment	Eyelets
Base capacity	66 litres
Wind resistance	Up to 18 mph / 29 km/h

Post / Wall Mounted Flags

Mistral

The Mistral is a fixed outdoor flag system designed for mounting to lampposts or building exteriors and is perfect for advertising or promoting a brand or event. The mechanism attaches directly to a pole, posts, or wall and can be moved to accommodate varying graphic heights. An eye-catching solution that can also be used for information and wayfinding, this flag is especially effective when repeated over a series of posts.

Inflatable tents

Bora Tent

The Bora Inflatable Tent is a sturdy and attractive option for outdoor displays. Create shade and shelter for a registration desk, refreshment area or meeting point that fully shows off a brand. As one of the largest products in the range, there is plenty of print area on the canopy and backwalls (optional extra) for brand messaging. The backwalls zip in, so can be changed for a different message from the canopy if you wish. The Bora Tent uses trapped air technology: silent and free-standing once inflated.

Material	TPU, Polyester inner coat
Graphic area	Single-sided
Graphic attachment	Zip system (standard) / hook and loop (full graphic)
Ground fixing	Pegs (optional, not included)
Wind resistance	Up to 24 mph / 39 km/h (if pegged)
Transport	Carry Bag (included)
